State Tax Commission Is-
sues Instructions to Dis-
trict Tax Assessors

CAST POLITICS ASIDE

And Put Merit to the Front
is Advice Given—All De-
puties Must be Named
Not Later Than Feb. 7.

(ASSOCIATED PRESS TELEGRAM)
Columbus, Jan. 28.—"You must
put merit to the front and your
politics aside when you make your
appointments." This is the instruc-
tion given today by the tax com-
mission of Ohio to district Tax As-
sessors, who will in a few days, ap-
point 1,966 deputy tax assessors
under civil service rules.

"In appointing your deputy as-
sessors, the tax commission insists
that you obey the letter and spirit
of the civil service," continues the
instructions of the tax commission.

"This means that you will only
consider the merit and fitness of the
men certified to you. Before making
such appointments you should
be absolutely certain that persons
selected can and will make intel-
ligent assessments of property with
in their several districts. You must
not discriminate against anyone for
political, religious or personal rea-
sons. Business and other powerful
influences may be used to persuad-
you to forget the worth of can-
didates. Such influences filled the
tax duplicates in the past with spe-
cial favors for a few and injustice
for the many. This was especially
true with reference to personal
property. The Warner law was en-
acted to get an honest assessment
of property, and the men who ob-
tained appointments as deputy as-
sessors on their merit solely are
more likely to produce the desired
results than are those who are un-
der obligations to a certain influence
for their places."

Eligible lists for deputy assessors
from which selections will be made,
will be certified to the district tax
assessors by the state civil service
commission so as to reach them not
later than Saturday, Jan. 31. Insofar
as possible, three names will be
certified for each place to be filled,
and each three will be the applic-
ants who obtained the three high
grades at the civil service examina-
tion in each county seat Jan. 3. The
district assessor may appoint any
one of the three certified for each
place. On account of lack of appli-
cants or low grades of those who
took the test, there may be some
sub-assessment districts in the juris-
diction of each district assessor in
which less than three names will be
certified. In case there is a sub-
assessment district in which there
are no applicants, blanks for the dis-
trict assessor to make nomination to
the state civil service commission
will be given him along with the
lists of eligibles for other sub-asses-
sessment districts. These provisional
appointees will have to take an ex-
amination. Such nominations, giv-
ing names of proposed appointees
must be made promptly to the state
civil service commission, and a copy
must be sent to the tax com-
mission.

The district assessors are to ap-
point their deputies not later than
Wednesday, Feb. 4, so that they
can call them into their offices Sat-
urday, Feb. 7, to give them instruc-
tions. The deputies will then be
able to commence work Monday,
Feb. 9.

HOUSE TAKES FIRST STEPS IN INVESTIGATION

(ASSOCIATED PRESS TELEGRAM)
Washington, Jan. 28.—First steps
in the congressional investigation of
the Colorado and Michigan mine
strikes were taken today by the
House mines committee designated
to make the inquiry. Chairman
Foster called the committee to-
gether in an early meeting to decide
upon plans. Although several mem-
bers of the House had contended
that no federal question was involved
in which congress had any authority
to investigate a resolution for in-
quiry was passed by an overwhelm-
ing majority.

Specifically, the congressmen will
investigate whether postal service
has been interfered with, whether
immigration laws have been vio-
lated, whether there are agreements
in restraint of trade and whether
peonage exists.

There is a possibility that the
Colorado and Michigan inquiries
may be carried on simultaneously by
different sub-committees.

Resolutions of investigation pend-
ing in the Senate now probably will
be passed over without further action
inasmuch as the House has
voted to make the inquiry.

Public Hearing on Flood Protection Bill to Occur in the Senate Tonight

(ASSOCIATED PRESS TELEGRAM)
Columbus, Jan. 28.—The Lowry
school bill, one of the important ad-
ministration measures, demanded the
attention of the lower house of the
general assembly at a two hours ses-
sion this morning and when recess
was taken until 1:30 o'clock about a
half dozen minor amendments had
been voted down and one or two
adopted.

House leaders plan to pass the
Lowry bill this afternoon and also
Mills bill which would amend the
Longworth act so that municipalities
may issue bonds of small denomina-
tion for public utilities. Both bills
will be contested.

What is considered to be the most
important amendment to the school
bill adopted by the house today was
offered by Representative Barthelmech
of Tuscarawas, which provides that
if a village or district superintendent
devoted one-half of his time to
supervision work his district would
be exempt from county supervision.
The bill originally provided that a
superintendent must devote three-
fourths of his time to supervision if
the district would be exempt.

Representative Bigelow of Ham-
ilton county sought to amend the bill
so that presidents of the various
boards will have but one vote each.
Another amendment which was
adopted provides that an application
of three-fourths of the county local
presidents of boards of education
there may be a redistricting of a
county. This amendment was of-
fered by Representative Nungesser of
Crawford.

An amendment by Representative
Nye of Lucas, which would exempt
villages having first grade high
schools from county supervision
was defeated. The bill provides that vil-
lages of 3,000 or more population may
be exempt.

Representative Plank of Medina,
sought to amend the provision re-
lative to villages of 3,000 to 2,500 but
this was defeated.

What was expected to be the center
of opposition in the house this
afternoon was an amendment to be

EX-SENATOR CULLOM DEAD AT WASHINGTON; WAS 85 YEARS OLD

(ASSOCIATED PRESS TELEGRAM)
Washington, Jan. 28.—Former
Senator Shelby M. Cullom, of Illinois,
died here today after an illness
of more than a week, during which
time he hovered between life and
death. His last words were a wish
that he might have lived to see the
completion of the national memorial to
Abraham Lincoln, who was his
personal friend.

Since his retirement from the sen-
ate last March, Mr. Cullom had been
resident commissioner of the com-
mission created by congress to build
the \$2,000,000 Lincoln memorial. A
little more than a week ago he was
taken with grip. His advanced age

drawn revolvers and with shouts of
"lynch the police" succeeded in
marching him to a police station.
The crowd followed and was exhort-
ed by Wishnewsky to rescue the
speaker.

After a rough and tumble fight
lasting several minutes the police
succeeded in dragging the second
speaker into the station. Every
available reserve in the district was
called and the crowd dispersed. Many
of the policemen had torn uniforms
and minor bruises. Six persons were
arrested as a result of the riot.

For several days bands of unem-
ployed garment workers have
paraded the Ghetto district, begging
food from stores. They would then
take the food to a hall where it was
equally divided. The warm weather
is said to have thrown thousands of
workers out of employment by caus-
ing a shutdown of the factories.

Chicago, Jan. 28.—To prevent a
repetition of last night's riot of
hundreds of unemployed garment
workers, squads of police reserves
patrolled Ghetto districts all night
and were still on duty early today.
Details of police will be thrown into
the district tonight to guard against
further disorders.

Police patrolling Maxwell street
late last night were fired upon three
times, but none was injured. The
rioting began after speeches had
been made by Morris Bernstein and
Harry Wishnewsky, who say they
represent the industrial workers of
the World.

After Bernstein had been placed
under arrest the police formed a
cordon about their prisoner and with

SNEAK THIEF ON B. & O. TRAIN ROBS TWO PASSENGERS

(ASSOCIATED PRESS TELEGRAM)
Zanesville, O., Jan. 28.—Harry Warner,
who says his home is in Sales-
ville, Guernsey county, jumped off
Baltimore and Ohio passenger train No. 105 at 2 o'clock this morning,
wearing two overcoats and carrying
a woman's handbag, in which was a
gentleman's gold watch. He was ar-
rested by Police Lieutenant Joseph
Petet and the train was held until
two passengers were aroused and
identified, one of the overcoats and
the watch as belonging to them.
Warner is in the city prison pending
an investigation. Warner says he
had no accomplices.

George Anderson, Thomas Stayton,
Charles Lloyd and Charles Sipes, all
of Cambridge, were arrested here to-
day and are held at the city prison on
suspicion, they having come from
Cambridge on the Baltimore and Ohio
train No. 105. They are well known
in Cambridge and deny any knowl-
edge of the robbery.

The following statement concerning
the robbery of passengers on a Balti-
more and Ohio train at Zanesville,
was given out at the Pittsburgh office
of the company at noon:

"Early this morning six men board-
ed train 105 at the Cambridge station,
each holding a ticket to Zanesville,
and started robbing passengers. A
purse containing a watch and \$7.00
was taken from Mrs. Karnister, of
Karns City, Pa.; and an overcoat,
watch and \$40.00 from W. J. Robi-
nson, another passenger. The conductor
detected the men and captured
Harry Warner, who was placed under
arrest in Zanesville. The other five
men escaped. When searched Warner
had in his possession the articles
taken from Mrs. Karnister and Mr.
Robinson."

O. S. UNIVERSITY WILL TAKE OVER MEDICAL COLLEGE

(ASSOCIATED PRESS TELEGRAM)
Columbus, Jan. 28.—Starling Ohio
Medical College of Columbus, will
become a department of Ohio State
University after next June. Trustees
of the University announced today
that they had accepted the gift of
the buildings and physical equipment
of the medical college valued
at about \$200,000. The combina-
tion was made possible by a special
act of the legislature at the last
session. Starling Ohio College has
had financial difficulty in recent
years, it is said, and the merger is
welcomed by its trustees.

The amalgamation will give Ohio
State university about 400 additional
students next year and probably
make the total enrollment more
than 5,000.

Starling Ohio medical college was
formed in 1867 by a combination of
the Ohio Medical University, an in-
dependent institution and Starling
Medical college, which was founded
in 1846 by Dr. Lyne Starling and
was the oldest medical college in
the state.

AMAZING IS STORY OF CRIMES

Member of Black Hand Organization Makes a Complete Confession

HUNDREDS TERRORIZED

In New York's East Side by
Bomb Throwers—Officials
Hope to Stamp Out the
Gangs—Many Disclosures
Made.

(ASSOCIATED PRESS TELEGRAM)
New York, Jan. 28.—Further re-
velations concerning bomb outrages
of the past year and a half that have
terrified hundreds of East Side
merchants and property owners, are
expected to be made today when the
trial of Angelo Sylvestro, accused
member of a Black Hand organization
is resumed.

Through the confession of Alfred
Lehman and Rocco Pucilli the police
and district attorney, Charles S. Whit-
man hope to stamp out the bomb
throwing gangs of the East Side that
have built up a lucrative income under
the guise of the Black Hand. Other
members of the gang implicated in
the confessions are expected to flee
the city or make terms with the dis-
trict attorney.

From the testimony of Lehman and
Pucilli, the prosecution laid the
basis yesterday for additional dis-
closures of the band of which the two
men confessed to being members.
Lehman told an amazing story of
crime, from petty thefts in his youth
to robbery, murder and more recently
to his employment as a bomb
thrower.

This latter series of crimes, he said,
began about seven months ago, soon
after his release from the peniten-
tialy, where he served six months for
white slavery. He turned state's evi-
dence, he told the court, because
members of the gang had refused to
employ an attorney for him when he
was arrested in Paterson, N. J., for
throwing a bomb in a silk mill.

Pucilli confirmed everything about
the bomb throwers told by Lehman.
Both men expressed contempt for hu-
man life, although they declared that
while they had never thrown a bomb
with the intention of murder, they
had not permitted personal injury or
even death to stand in the way of
their work of planting and setting off
explosives.

CONG. ASHBROOK
SAYS GOVERNMENT
BADLY BUNCOED

(ASSOCIATED PRESS TELEGRAM)
Washington, Jan. 28.—Representative
W. A. Ashbrook of the 17th
Ohio district told the House public
buildings committee today that the
government "had been most beauti-
fully buncoed" on a site former
Secretary Shaw chose for the Pitts-
burgh postoffice several years ago.
Efforts to sell it for \$750,000 had
failed, he said.

Senator Oliver and others were
asking the committee to authorize an
appropriation of \$1,500,000 for a
new site.

"SMOKY CITY"
TO HAVE FOUR
WOMEN POLICE

(ASSOCIATED PRESS TELEGRAM)
Pittsburg, Jan. 28.—An ordinance
introduced in council yesterday em-
powers the superintendent of police to
appoint four police women. The
women will be known as the "Pitts-
burgh police auxiliary" and it will be
their duty to look after the safety
and conduct of females and children
in the city. They will be given a
salary of \$75 a month. Club women
are back of the movement and they
expect the ordinance to pass.

BISHOP WALDEN
LEFT ONLY A
SMALL ESTATE

(ASSOCIATED PRESS TELEGRAM)
Cincinnati, Jan. 28.—The will of
the late Bishop John M. Walden, of
the Methodist Episcopal church who
died last week at Daytona, Fla., filed
today shows that the bishop gave
one-seventh estate annually to reli-
gious and benevolent causes. This
information is contained in the will
as an explanation of why the estate
is so small, estimates placed on it
being in the neighborhood of
\$10,000.

In order to give undivided service
to the church, the will says, "I con-
tracted with my investment of
funds to other whom I confided,"
and continues, "almost all the ven-
tures resulted in financial losses."
The will also explained that the
bishop's traveling expenses were
very heavy.

YACHTING PARTY SAFE AT COLON

Vanderbilt Steam Yacht
Warrior Stranded on
Coast of Colombia

HAD NOBILITY ABOARD

When Vessel Went on the
Rocks of Cape Aguatia—
Warrior, One of Finest
Yachts Afloat, is Equipped
With Wireless.

(ASSOCIATED PRESS TELEGRAM)
New York, Jan. 28.—No direct
news from Frederick W. Vanderbilt,
whose steam yacht Warrior was
stranded on the Rocky coast of Co-
lombia, near Cape Aguatia yester-
day had been received by friends
here up to an early hour today. They
were relieved, however, by information
conveyed in the press despatches
that Mr. and Mrs. Vanderbilt and
their guests the Duke and Duchess of
Manchester, and Lord Arthur
George Keith-Falconer, son and
heir of the earl of Kintore, were
safe and on their way to Colon.

The position of the yacht, accord-
ing to seamen who know the Co-
lombian coast, is extremely perilous
if she lies on the outermost rocks
of Cape Aguatia as the dispatches
so far received indicate.

Fourth Officer David Richards of
the Royal Mail liner Caribbean, who
has sailed that coast for years, and
knows its dangers intimately, was
inclined to doubt today whether the
yacht would get off without serious
damage. A northern wind, particu-
larly dangerous, to a ship in the
Warrior's position, is apt to spring
up at any moment in this season,
according to Mr. Richards.

"Cape Aguatia." Mr. Richards
said in describing the scene of the
wreck, "is a rock about two miles
in circumference and lying about
three cable lengths off the main
land. To seaward the water drops
off at the base of these to a depth
of about 22 fathoms. The only
lighthouse along this coast for more
than 300 miles is that of Morro
Grande, six miles to the southeast
of Cape Aguatia.

"Ships often make this coast in
order to obtain a view of Sierra Ne-
vada de Santa Marta, which rises to
a height of 16,000 feet thirty miles
inland. The only explanation I
could possibly offer for the accident
is that the party, being on a pleasure
trip, hugged the shore too closely."

The Warrior is known as one of
the finest yachts. She is of steel
construction, 282 feet long, has twin
screws and is equipped with wireless
apparatus.

NO NEWS OF YACHTS.

(ASSOCIATED PRESS TELEGRAM)
New Orleans, Jan. 28.—All dur-
ing the night and early today the
wireless was silent as to the
fate of Frederick W. Vanderbilt's
yacht Warrior, which went aground
on the coast of Colombia Monday.
Operators of two companies here
heard vessels in the Gulf of Mexico
calling the Warrior almost continu-
ally but heard no answer. This was
not considered significant however
as the Warrior's wireless apparatus
has not sufficient power to commu-
nicate stations that usually operate
with New Orleans stations.

MANY CHILDREN SUFFER FROM KIDNEY TROUBLE

Three years ago my little girl, Anna, was taken sick with scarlet fever and later dropsy set in; her face and limbs swelled and her eyes puffed. A leading physician here at the time, treated her without the slightest success. A sample of your Swamp-Root having been left at the house at the time, I resolved to try it, and as it agreed with her stomach I continued using it with grateful results. The inflammation began to subside after she had taken the first fifty-cent bottle, and after she took two large bottles she was pronounced cured by the doctor and has been in good health ever since. The doctor came to see her every day and examined her every second day until he pronounced her kidneys in perfect condition.

Now then the doctor was under the impression that I was giving my girl his medicine, but as his medicine had failed to do a bit of good, and desiring not to offend him, I did not tell him I was giving her Swamp-Root and he did not know the difference. I did not use one drop of his medicine after I started my girl on Swamp-Root, and have always told that Dr. Kilmer's Swamp-Root saved my girl's life, for which I am grateful.

I cannot praise it too highly.

Very truly,

MRS. MARY BYRNE,

New Brunswick, N. J.

Letter to
Dr. Kilmer & Co.,
Binghamton, N. Y.

Prove What Swamp-Root Will Do
For You

Send to Dr. Kilmer & Co., Binghamton, N. Y., for sample bottle. It will convince anyone. You will also receive a booklet of valuable information telling all about the kidneys and bladder. When writing, be sure and mention the Newark Daily Advocate. Regular fifty-cent and one-dollar size bottles for sale at all drug stores

MEAT INJURIOUS TO THE KIDNEYS

Take a tablespoonful of Salts if Back hurts or Bladder bothers—Meat forms uric acid.

We are a nation of meat eaters and our blood is filled with uric acid, says a well-known authority, who warns us to be constantly on guard against kidney trouble.

The kidneys do their utmost to free the blood of this irritating acid, but become weak from the over-work; they get sluggish; the eliminative tissues clog and thus the waste is retained in the blood to poison the entire system.

When your kidneys ache and feel like lumps of lead, and you have stinging pains in the back or the urine is cloudy, full of sediment, or the bladder is irritable, obliging you to seek relief during the night; when you have severe headache, nervous and dizzy spells, sleeplessness, acid stomach or rheumatism in bad weather, get from your pharmacist about four ounces of Jad Salts; take a tablespoonful in a glass of water before breakfast each morning and in a few days your kidneys will act fine. This famous salts is made from the acid of grapes and lemon juice, combined with lithia, and has been used for generations to flush and stimulate clogged kidneys, to neutralize the acids in urine so it is no longer a source of irritation, thus ending urinary and bladder disorders.

Jad Salts is inexpensive and can not injure; makes a delightful effervescent lithia-water drink, and nobody can make a mistake by taking a little occasionally to keep the kidneys clean and active.

Cubans Commemorate Marti, "the Apostle of Freedom."

The Queen of the Antilles will don the finest gown in her wardrobe today in honor of Jose Marti, the Cuban "apostle of freedom" who gave up his life in the cause of Cuba Libre. Marti day now has a double significance, for it was on Jan. 28, 1909, that the American provisional government came to an end, and the new Cuban government was installed.

While the first Cuban republic, organized under the presidency of Thomas Estrada Palma soon after the Spaniards had been driven from the island by Uncle Sam, was an ignominious failure, the second attempt of self-government seems to have been crowned with a large measure of success. The real test came when a presidential election was held to choose a successor to Jose Miguel Gomez, and the fact that the party in power was defeated, and Gen. Mario Menocal, a Conservative, was chosen president, afforded sufficient proof of the fairness and honesty of the battle of ballots.

Another indication that the Cuban republic has come to stay, and that the people of the island have attained capacity for self-government, is to be found in the fact that the feature sporting event of today's celebration will be a baseball game, rather than a bull fight or a cocking match. The brutal pastimes which were popular during the Spanish regime are now of the past, and the plazas de toros and the cock pit have been replaced by the baseball diamond, the golf links and the boxing ring.

Cuba is perhaps the most fertile of all tropic lands, and, with the encouragement of a liberal and stable government, its vast natural resources are now being developed as never before. It is expected that Marti Day will be celebrated next year by the inauguration of a great national exposition at Santiago de Cuba, commemorating the opening of the Panama canal, from which Cuba expects to derive great and lasting benefits.

Hudson Centenary.

One of America's foremost Shakespearean scholars, Henry Norman Hudson, was born a century ago today on a farm near Cornwall, Vt. In his youth he was a farm hand and coach maker, and later, after graduating from Middlebury College, a school teacher in Kentucky and Alabama. From his boyhood he was an ardent student of the works of the bard of Avon, and in 1856, after years of labor, he published an edition of Shakespeare's works, with notes. He was a chaplain during the civil war.

DO YOU NEED A TONIC THAT INVIGORATES?

One That Harmlessly Infuses New Life—New Strength—New Vigor?

Poor health is responsible for most pessimists. If you're generally run down in health, if you're nervous and dispirited, then most everything looks blue. But don't lay the blame on circumstances. Circumstances, perhaps, have little or nothing to do with it.

Morse's Glycerole, that long tested and never disappointing nerve tonic, will bring back the old buoyancy; will make you look again on the bright side of things. Moreover, the effect is immediate, delightful, exhilarating, marvelously invigorating.

If your dealer has none in stock, he can obtain from most any jobber, or from Evans' Drug Store, the distributing agent for Newark and vicinity.

WHEN I HAD CROUP MAMMA USED

Jersey City's Birthday.

Jersey City was born ninety-four years ago today as the City of Jersey. When the Dutch were in possession of Manhattan the land across the Hudson was used for farming purposes. In 1612 the entire population of what is now a city of 600,000 people consisted of thirteen persons, occupying one house and outbuildings. Two years later the association of the Jersey Company had built a clock and streets were laid out, which was called Jersey City. The name was at first very poor, and in 1850 the population was only 1,000.

HAIR LOSS IS NOT NECESSARY; SAVE IT WITH-NEWBRO'S HERPICLE

Approaching hair loss, while frequently contemplated with misgivings, is nevertheless often accepted as inevitable. Such loss is not always necessary and can be prevented. No one should buy a bottle of Newbro's Herpicide with the idea that it will make hair grow on a head where there has been no hair for several years. It will not do it. When the hair is dry, brittle, uneven and coming out with every combing, it is an indication of dandruff contagion. For combating this condition and giving the hair a natural glow and beauty, Newbro's Herpicide, which is antiseptically, has proved of extraordinary benefit. Having an exquisite odor and containing grease or hair coloring matter, you will enjoy Herpicide. It is a clean, special agent.

Exchange Coupons Can be Secured Today in Advocate's Cash Prize Distribution

Today marks the beginning of the Ohio State Health exhibit in the Y. M. C. A., second floor, with lectures in the auditorium to the rear of the exhibit rooms. This means that the first of the State Exchange coupons may be obtained today by persons desiring entrance in The Advocate's Better-Health contest.

The exhibit was placed in order Wednesday morning by Director Spencer, who is in charge for the state board of health. Two assistants aided in opening and setting the displays, which consist of unique miniature models of buildings, barn-lots and general sanitary equipment and appurtenances.

Dr. R. G. Paterson, chief of the division of tuberculosis, will deliver the first lecture, tonight.

If you haven't yet started to do so, clip an Advocate coupon from this edition, take it with you to the free lecture tonight, have it exchanged for a state exchange coupon, and make your start in the competition for one of the three cash prizes offered by The Advocate and the Ohio Society for the Prevention of Tuberculosis.

These prizes are worth going after. No one risks anything whatever. It's merely a case of whether you think you want one of the prizes.

All one needs to do is to submit to The Advocate the best ten suggestions for better-health conditions in Newark and Licking county to win \$25. The ten next best suggestions will win \$15, and the third best will win \$10.

There will be no splitting of prizes. Each person's ten suggestions either will be judged the best as a whole, second best, third best,

or out of the prize winning list. There will be some three persons who will win the \$50 in cash. Who will they be?

The object of this contest, as has been stated before, is to stimulate interest in the community in the vital question of public health. One cannot reason out genuinely good suggestion for bettering local sanitary conditions without first paying a visit to this wonderfully interesting free public health exhibit with its nightly lectures, illustrated with moving pictures. Each film carries an entertaining story of its own. Therefore, the prize offers of The Advocate and the Ohio Society for the Prevention of Tuberculosis, are made so much easier for competitors. The object in requiring three state exchange coupons lies in the fact that better suggestions will come after three visits to the exhibit.

Get your three exchange coupons, deliver them to The Advocate, with your ten better-health suggestions written out—and then wait the results of the judges' deliberations. If you are not a prize-winner your name will not be made public unless you desire it. It is not improbable that there will be many suggestions which are not prize-winners and yet which are worthy of honorable mention and publicity in the cause of good health.

Get Busy. Here's about the easiest way on earth to have \$25 handed you as a reward for your thought and interest in bettering living conditions in Newark. You're one of the people whose health is at issue in this discussion, your family is one of the families whose welfare is sought. It's your duty to give ten good suggestions.

Coupon THE ADVOCATE BETTER - HEALTH CONTEST. Coupon.

This coupon entitles the bearer to one State Exchange coupon, which will be given out at the close of each evening's lecture at the State Public Health exhibit, Y. M. C. A. auditorium. When three of the State Exchange coupons have been received by one person, the holder is entitled to entrance in the Advocate's Better Health contest.

State Exchange coupons must be presented with "better sanitation" suggestions, and submitted to the Contest Editor, Advocate office, Feb. 5, 6 or 7.

THIEF DIDN'T GET FAR WITH HIS PROPERTY

Police Chief Sheridan picked up a Slav who gave his name as John Philip as near as he could be understood, and slated him at the city prison, "investigation." The chief found the man at the Interurban station about noon Tuesday and the officer's suspicions were aroused by the man's actions. He gave Barnesville as his home and a telephone call to the chief of police of that city revealed the fact that complaint was being made at the chief's office as Sheridan called in. He is charged with the theft of a suit case and a quantity of clothing and a gold watch. An officer from Barnesville came to Newark early Wednesday morning and took charge of the prisoner, returning on an early morning train. John will be charged with larceny.

The police charge that the trio went to Lieber's place in Beech Street and attempted to remove the machine from the hangings on the porch. It is charged that Hamman was doing the work while the other two did picket duty. Three boys had been chased away from the place on a previous occasion and when Mr. Lieber was attracted again by the noise he secured help and gathered in the three who are at present charged with the offense. Hamman and McCullough denied any connection with the matter. McCullough has the additional charge of carrying concealed weapons, pending against him, though it is understood that he has been serving as a special constable. This matter will be investigated.

When arraigned, the lad made a clean breast of his connection with the affair and the court extended clemency.

"EVERY WOMAN"

In Pennsylvania the State Federation of Women's clubs has recommended and urged every club to make a study this year of Woman Suffrage, as it affects women in the home and child in school and in industry; as it affects the making and enforcement of legislation and the protection of morals and health. "The Federation has been taking a consistently increasing interest in suffrage, and the question has arisen in connection with almost every matter with which the Federation deals.

There was organized recently in Pittsburgh the Men's League for Woman Suffrage, when Gifford Pinchot speaking on "Citizen Mothers" said:

"To make good citizens we must first make their mothers good citizens. Since the mother has the responsibility of rearing her children, give her also the responsibility attendant on civic progress. Give her this, not because it is a right, but because we need it. More than 50 per cent of the moral energy of the community is bound up in the women, and she should be a power in exercising her rights."

FLESH FORMING FOODS

Who you buy a package of Samose, the great flesh-forming food, weigh yourself and see how much you gain in the first week's use. W. A. Eman will tell you of many of his customers who a month or so ago were thin, pale and haggard, but who are now, through the use of Samose, plump, strong and happy, with perfect health and attractive flesh. He has seen so many instances of the wonderful power of Samose to restore the weak and sick to strength and health, and to make good natural flesh that he gives his personal guarantee with every package of Samose he sells or refund the money if it does not prove satisfactory.

Samose is a pure preparation, and can be used with absolute confidence by the most delicate. It gives remarkable results with children who are weak and run down and without appetite.

WORKING WOMEN WILL MARCH TO WHITE HOUSE

Washington, Jan. 28.—Four hundred working women from seven different states representing every line of work in which women are engaged will next Monday march to the White House and urge upon President Wilson an amendment to the federal constitution giving women the right to vote. They will carry with them banners bearing quotations from some of the writings of the president. The president has not yet signified his intention of receiving the delegation but officers of the congressional union under whose auspices the marchers are being organized, said today the women would march anyway.

The women workers will arrive in Washington Sunday night and will be the guests at a reception given in their honor by prominent local suffragists.

KEEP LOOKING YOUNG

It's Easy—if You Know Dr. Edward's Olive Tablets.

The secret of keeping young—is to feel young—to do this you must watch your liver and bowels—there's no need of having a sallow complexion—dark rings under your eyes—pimples—a bilious look in your face—dull eyes with no sparkle.

Your doctor will tell you ninety per cent of all sickness comes from inactive bowels and liver. Dr. Edwards, a well-known physician in Ohio, perfected a vegetable compound mixed with olive oil to act on the liver and bowels, which he gave to his patients for years.

Dr. Edwards' Olive Tablets, the substitute for calomel, are getting in their action, yet always effective. They bring about that exuberance of spirit, that natural buoyancy which should be enjoyed by everyone, by toning up the liver and clearing the system of impurities. You will know Dr. Edwards' Olive Tablets by their olive color. 10c and 25c per box. The Olive Tablet Company, Columbus, Ohio. All druggists.

The "Go to Church Sunday"

The holding of an "Everybody at church Sunday" is being tried in various cities, and almost invariably with big congregations and much enthusiasm.

On the side of pure advantage to daily work, outside of spiritual benefits, however, a strong case can be made out for church going. It substitutes quiet for hustle, optimism for depression.

The modern church must advertise. Not merely must it use publicity methods, but it needs to persuade people to try a sample of its goods occasionally. Some of the transients of a church going Sunday becomes regulars.

One of the most significant trade notes we have observed is the conviction in the New York dry goods market that the manufacturers made larger cuts than were necessary in the lines of woolens and worsteds they opened this season. Under the impression that they were face to face with the "pauper labor of Europe," they cut prices 15 to 27 cents a yard. They are now waking up to the idea that they were not so badly hit by the new tariff as they supposed, and they are hoping to get back nearer to their old prices.

DANDRUFF SURELY DESTROYS THE HAIR

Makes It Dull, Bright, Brittle, Lifeless, and Causes It to Fall Out.

Girls—if you want plenty of thick, beautiful, glossy, silky hair, do by all means get rid of dandruff, for it will starve your hair and ruin it if you don't.

It doesn't do much good to try to brush or wash it out. The only sure way to get rid of dandruff is to dissolve it, then you destroy it entirely. To do this, get about four ounces of ordinary liquid arvon; apply it at night when retiring; use enough to moisten the scalp, and rub it in gently with the finger tips.

By morning, most if not all, of your dandruff will be gone, and three or four more applications will completely dissolve and entirely destroy, every single sign and trace of it.

You will find, too, that all itching and digging of the scalp will stop, and your hair will be silky and fluffy, lustrous, soft, and look and feel a hundred times better. You can get liquid arvon at any drug store. It is inexpensive and four ounces is all you will need, no matter how much dandruff you have. This simple remedy never fails.

On Second Thought

Each of the contestants in a recent divorce case accused the other of drinking before breakfast. Commenting upon the affair, Buck Kilby says a good deal of intemperance is inspired by the thought of oatmeal.

A man can be reconciled to any sort of expenditure if none of the money employed belongs to him.

There should be no criticism of Mr. Bryan because his recent breakfast party was not a success. The most ardent advocates of breakfast do not classify it as entertainment.

The rule is that those who shave themselves hear less baseball.

There were twenty-four jousts fights in this country on New Year's day. As everybody remarked when they heard Jack Johnson had whupped Jim Jeffries, "the fight came dead."

Probably the highest compliment one man can pay to another is to admire his cravat, it being the rule that one man's opinion of another man's cravat is that he wouldn't wear one of them to a dog fight.

Buck Kilby says that so far as he is personally concerned, the demand is for an edible egg, and not for a cheaper one.

Eph Wiley, observing that the high school graduating class is to give a play, wishes it announced that it is not being done at his request.

Uncle Walt

Home, Sweet Home.

Oh, Home! It is a sacred place—or was, in olden days, before the people learned to chase to moving picture plays; to tango dances and such things, to skating on a floor; and now the youthful laughter rings within the Home no more. You will recall, old men and dames, the homes of long ago, and you'll recall the fire-side games the children used to know. The neighbors' kids would come along with their own kids to play, and merry as a bridal song the evening passed away. An evening spent away from home in olden days was rare; the children hadn't learned to roam for pleasure elsewhere. But now your house is but a shell where children sleep and eat; it serves that purpose very well—their home is on the street. Their home is where the lights are bright, where rag-time music flows; their moon's the middle of the night, their friends are—Lord, who knows? The windows of your home are dark, and silence broods o'er all; you call it Home—God save the mark! This but a sty or stall!

Wisdom from Washington

Washington, Jan. 28.—[Special.]—Just how the present congress is going to avoid enacting legislation limiting speculation on stock exchanges is hard to see, more particularly when there is a majority earnestly in favor of such legislation, and several earnest men are determined that various bills which have been presented shall be considered.

There are still the famous Pujo report and recommendations hanging over the session, and bills have been introduced in accordance with them. There is the determination to snuff the "money devil" and to teach Wall street a lesson. How better can that be accomplished than by a bill which will stop to a large extent speculation on the stock exchanges, short sales, etc.?

The regular monthly meeting of the Public Library Association will be held in the children's room of the Library on Thursday afternoon at 3:30 o'clock. Those in charge are desirous of having a full attendance.

Memorial Hall was taxed to seat a most enthusiastic audience of music lovers on Tuesday evening in Columbus, when a brilliant concert was given by a trio of wonderful artists. The concert was the first of a series under the management of T. T. Frankenberger, and the offering was Melba, Kubelik and Edmund Burke.

Melba and Kubelik have been heard before but Tuesday marked Burke's first appearance and his magnificent baritone was a splendid surprise. Among those from Newark who attended the concert were: Mr. and Mrs. W. W. Gard, Mr. and Mrs. W. C. Gardner, Mrs. Carl Norpell, Mrs. Edward Morath, Mrs. C. W. Miller, Mrs. W. D. Fulton, Mrs. F. A. Woolson and son Robert, Mrs. W. W. Davis, Mrs. T. J. Evans, Mrs. C. H. Spencer, Mrs. A. A. Stasel, Mrs. Sarah J. Cherry, Mrs. Archibald Davis, Misses Louise Norpell, Daisy Cherry, Mary Morath and Mr. Duane Fulton.

The local chapter of the Phi Sigma Chi fraternity has issued invitations for a hop to be given at Assembly Hall on the evening of February 5. The dance program will be given by Hawkins' orchestra.

Mrs. James McGough of Columbia street was hostess to the Unity Reading circle at its regular meeting on Tuesday afternoon, when the following program was given, interesting discussions following each excellent paper:

Quotations—Current Events

The Crisis in Our Richest Possessions—Mrs. Warner.

United States Newly Acquired Territory—Miss Murphy.

Critic—Mrs. Mitchell.

The question of the Summer Chautauqua was presented by Mrs. Mitchell, and was favored by an almost unanimous vote of the circle. Interesting reports of the Southeastern

District Federation meeting at Lancaster were given by Mrs. Clunis and Mrs. Mitchell. A social hour and dinner closed a very pleasant and profitable afternoon.

Recently the annual business meeting of the City Federation of Women's club was held and the election of officers resulted as follows:

President, Mrs. Frank Johnson.

First vice president, Mrs. A. S. Mitchell.

Second vice president, Mrs. W. H. Davis.

Third vice president, Mrs. John Tucker.

Recording secretary, Mrs. Frank Agnew.

Corresponding secretary, Mrs. Samuel Sachs.

Treasurer, Mrs. E. S. Randolph.

Auditor, Mrs. E. T. Johnson.

A most excellent report was given by Mrs. Mitchell of the South-Eastern District meeting held in Lancaster on January 16. At this meeting, there were three members of the Newark Federation, Mrs. A. S. Mitchell, Mrs. Floyd Clunis, and Mrs. C. L. H. Long. An impetus was given the local work by the return of these women from the district meeting, because all were most enthusiastic as a result of the day's attendance.

By a unanimous vote of the Federation, it was decided to invite the District meeting to Newark in January, 1915.

The local Federation is not yet a year old, but the work done has been excellent and through the wide-awake, active members, a greater and even more progressive year is prophesied for 1914.

One of the splendid features of the federation's work is the holding in the city at the present time of the State Health Exhibit. The exhibit has been located in Taylor Hall and commencing this evening will continue for a week.

Fraternity member will be entertained with a delightful dance on the evening of February 6, at Assembly Hall when the Beta Phi fraternity will give a dancing party to its members.

A number of the members and the following guests were entertained at the home of Mrs. W. C. Miller in Hudson avenue when Mrs. Miller acted as hostess to the members of

the Tuesday Afternoon Bridge club. The guests were Mrs. Dan Ganey, Mrs. William W. Davis, Mrs. Robbins Hunter, Mrs. Daniel Altschul and Miss Hazel Altschul, and Miss Lappiner of Hartford, Conn.

The club game concluded with the awards being made to Mrs. Clarence Helsey and Mrs. Kemper Scott, while the quest souvenir for the game was received by Miss Lappiner.

Thirty couple enjoyed a dance given by the members of the Zonule club at the Moser Hall in West Main street on Tuesday evening. The dance was featured by the new dances, and punch was served during the evening.

Miss Besse Smith honored her guest, Miss Sarah Kyle of Monroe, Colo., when she entertained the members of the Kensington club on Tuesday evening at her Granville street home. The hours were devoted to needlework, and a dainty refection was served.

Miss Ethel Edwards and Mr. Homer Jones of this city were honor guests at a progressive party given by Mr. and Mrs. Oren Dillon in Coshocton on Tuesday evening.

The Monday meeting of the Investigators' club was held at the home of Mrs. Rose Wilson in Fifth street. The program afforded an interesting afternoon. Quotations were given from Washington Irving, while Miss Glenn, who gave the first paper, talked on "New York City."

Mrs. J. R. McClure gave a delightful descriptive paper, choosing for her topic, "A Trip to West Point." "In the Catskills" was the subject nicely handled by Mrs. C. G. Nevins.

The club meeting on Monday of next week will be at the home of Miss Bertha Stevens in Granville street.

Mrs. D. V. Long was hostess of the Fortnightly Sewing club Wednesday afternoon at her home in Tenth street. The afternoon hours quickly passed with the amusements of the club. Late in the afternoon all were invited to the dining room where a dainty lunch was served. The table looked pretty in its decorations of pink and white roses.

Dainty place cards seated the following ladies: Mesdames Scott Orr, Charles Martin, Leo M. Hart, J. A. Starr, James Simpson, Clarence Still and the hostess.

The next meeting will be held at the home of Mrs. Simpson in Sixteenth street, February 4.

The Swastika Sewing club was entertained at the home of Miss Molly Rothstein in West Main street. The evening was spent in sewing, after which a dainty luncheon was served. The club adjourned to meet on Thursday, February 15 with Miss Katherine Johns.

White Carnation Hive, L. O. T. M., will entertain at the Modern Woodmen Hall on Thursday evening with a social and dance for the members. Music will be furnished by the Reynolds' orchestra.

The Centum club gave another of their enjoyable dances at Assembly Hall last evening. Those enjoying the delightful dance program were:

Messrs. and Mesdames J. M. Ankele, G. E. Besant, J. F. Cherry, Leo Davis, W. K. Daugherty, H. D. Doane, Melvin Davis, P. W. Faust, C. W. Ferguson, Henry Gerlach, Frank Howard, Dr. J. L. Harbottle, Edward Hirst, M. C. Kent, Robert Lege, E. E. Moore, Frank Neighbor, Karl Reinbold, Samuel Swan, Dr. Shrier, Dr. George Sapp, D. J. Thompson, D. J. Taylor, George Vail, Wm. Champ, Dr. Ned Miller, Ottie Riggs, Mrs. Herbert Lee, Mrs. George Rolley, Mrs. H. Davis, Misses Mary Balzer, Oliva Howard, Clotilde Howard, Bess Tafel, Irwin, Massey, Duerr, Fleming, Jones, Messrs. Frank Cole, Ray Dr. F. F. Davidson, E. F. Frentier, Charles Grimm, J. V. Hilliard, C. L. V. Holt, Harry Horcher, Charles Johnson, Carl Meyers, Stanley Simpson, Norris Taylor, Paul Taylor, Frank Wolverton, Charles Wagenheim, Ralph Cherry, Sutphen, Murphy. The out of town guests were: Mr. and Mrs. Carl Ashton, Dr. and Mrs. Rohrer, Charles Slack, Miss Slack, all of Granville.

Get a small package of Hamburg Breast Tea, or as the German folks call it, "Hamburger Brust Thee," at any pharmacy. Take a tablespoonful of the tea, put a cup of boiling water upon it, pour through a sieve and drink a teacup full at any time. It is the most effective way to break a cold and cure grip, as it opens the pores, relieving congestion. Also loosens the bowels, thus breaking a cold at once.

It is inexpensive and entirely vegetable, therefore harmless.

Your Best Friend

"Brownstone" Hair-Brain Will Retain
For You Your Youthful Appearance.
What Other Friend
Can Do As Much?

After all one of the chief pleasures in life is that of appearing in as attractive a manner as possible.

And there are but few blemishes that will so quickly detract from our personal appearance as gray, faded or streaked hair.

"Brownstone" Hair-Brain will help you in just such emergencies. With it you can touch the gray hairs in a few moments time give to your hair that rich, soft brown, so much to be admired. Or, you can make it a glistening black if you prefer. All this without the possibility of damage, failure or harm to either hair or scalp.

No previous experience whatever is necessary when you use "Brownstone." Just brush or comb it into the hair.

A sample and a booklet will be sent you upon receipt of 10 cents.

All of the leading drug stores sell "Brownstone." Two sizes, 25c and \$1.00. Two shades—one for golden or medium brown, and the other for dark brown or black.

Prepared by the Kenton Pharmaceutical Co., 432 E. Pike St., Covington, Ky. Sold and guaranteed in Newark by R. F. Collins, Evans' Drug Store and other leading druggists.

MRS. JAMES BRADY BADLY BURNED BY SCALDING WATER

Mrs. James Brady, residing in 420 Park avenue, received serious burns on Tuesday, when she was deluged by a boiler of scalding water.

Mrs. Brady was doing some laundry work, in a small summer kitchen. She was endeavoring to scald the clothes and lifted a boiler of boiling water from the fire. The floor of the building gave way with her and the contents of the boiler were thrown over the lower part of her body.

Dr. S. S. Richards was called and dressed the burns. The abdomen and legs were badly scalded.

It was Mr. Weiant who first suggested the construction of the hotel and Architects Howell & Thomas followed his arrangement of the rooms in laying out the plans of construction. At the head of the table was a neatly printed card reading:

Honoring
Our Esteemed Farmer Friend
Walter S. Weiant,
The Man Who Put the "Q" in Cucumber

The place cards at the table showed much thought and ingenuity on the part of Mr. Weiant while the menu testified to the skill of Caterer Kuster. During the service the Reynold's Orchestra played.

HORSE'S KICK FRACTURES LEG IN TWO PLACES

Frank Hall, 45, of 433 Baltimore street, driver for a lumber company, suffered a fracture of the left leg shortly after noon Wednesday when his horse ran away throwing him from his wagon and kicking him.

Hall was in the vicinity of Baltimore and Allen street when the runaway occurred. The horse's hoofs struck him on the knee and ankle and it is believed that bones were fractured at both these joints.

The Barker & Bradley ambulance was called and removed the injured man to his home where Dr. C. F. Legge attended him.

PEACH GROWER DEAD.

Port Clinton, O., Jan. 28—William Miller, 64, of Gypsum, died suddenly of apoplexy today. He was one of Ohio's most prosperous peach growers. For eight years he was a member of the Ohio state board of agriculture, also president of the state horticultural society.

RETAIL MERCHANTS PLAN TO EFFECT AN ORGANIZATION

System has been found to be synonymous with success and progress in the business world, and Newark retail merchants aware of this have planned to meet at 3 o'clock this afternoon in the Park National Bank, to discuss the possibility and feasibility of effecting an organization.

Not all the merchants will be represented this afternoon, but it is hoped that all will eventually fall in with the idea should the organization be perfected.

While no outline of the work to be determined on by the new association has been made, it will probably act as in other cities. Steps will be taken with regard to train service for shoppers; there will be system in the regulation of the hours for opening and closing, and for the holidays; also there will be the courtesy of the exchange of information on various disadvantages with which a retail merchant has to deal.

Scott, of Cambridge is counsel for the plaintiff.

LEASE PETITION GIVES ESTIMATE OF REALTY VALUE

A petition for lease of real estate situated at 9 South Third street, and occupied at present by the Sample Shoe Store, was filed in probate court Wednesday by Thomas M. Varley, as guardian for Adele Frances Koos, John Frederick Koos, Raymond Edward Koos and Charles Waldo Koos.

An appraisal of \$18,000 was placed on the three-story building at that address by James Linehan, Charles C. Metz and W. N. Sheppard, appraisers. Value of all other property wards of the estate was appraised at \$4,000.

The petition recites that the property has brought a yearly rental of \$1,470, and asserts

"Traffic In Souls."

Wednesday night marks the closing of the photodrama "Traffic in Souls", which has experienced a remarkably well attended engagement. Those who have not witnessed this remarkable revealment of a Social Evil once flagrantly existent in this country, should avail themselves of the opportunity of seeing the production before it departs from the city.

Lyman H. Howe's Pictures.

More than fifty thousand workmen were used to build the Panama Canal.

This great army fought more than a ten years' battle with what many noted engineers and the great authorities of Europe declared to be the impossible.

Upon the ruins of the former French attempt, Uncle Sam's determined and better directed efforts have reached another world wonder, connecting two oceans and bringing the two sides of the earth together.

Lyman H. Howe shared the confidence of Col. Goethals, the canal's wonderful master builder. He began the making of an animated record of the construction when the mighty ditch took its first crude shape. It required the same kind of patience to follow each step in the building of the canal for more than a decade as has characterized the making of the other remarkable features which Mr. Howe has always brought here in his Travel Festivals. The exhibitor undertook to present to his audiences the living history of the great locks as they were slowly molded into their present completeness. These reproductions are included in the program coming to the Auditorium, tomorrow night and Friday matinee and night. Seats now selling.

with the popular wish and so the play will be seen at the Auditorium next Saturday matinee and night.

There has been no more popular play seen in New York or in any other city than "Freckles" if capacity audiences are any standard. The millions of readers of the book and the millions who have not read it, are of one opinion, that it is the play of the decade. The dramatization is by Neil Twomey and the music by the Viennese composer, Anatol Friedland; the songs this musician gives "Freckles" to sing are among the sweetest he has composed; they are catchy, and are sure to be the rage wherever heard. Human Procession

Hoboken, New Jersey, was the birthplace fifty-eight years ago today of the Rev. Dr. Reuben Archer Torrey, one of the most forceful and eloquent of the world's evangelists. During his career as a preacher of the gospel, Dr. Torrey has addressed vast audiences in nearly all of the principal cities of the United States,

Canada, England, Scotland, Ireland, Germany, France, Australia, New Zealand, China, Japan and India. A disciple of the late Dwight L. Moody, he brought to his work all the religious fervor of the great evangelist, and, in addition, the intellectual training received at Yale and the universities of Germany. He was ordained to the Congregational ministry in 1878, and for several years was superintendent of city missions in Minneapolis, and afterward superintendent of the Moody Bible Institute. He is the author of many books on religious subjects, and in one of the latest volumes from his pen he advances a theory in regard to a pre-Adamic race.

Dr. Torrey's theory is that Adam and Eve were created after a previous race of men had proved to be a failure, and had been wiped off the face of the earth because of their sins. These pioneer humans were, so to speak, a total loss without insurance. After the catastrophe which ended the pre-Adamites, Dr. Torrey says, God recreated the earth in six days, as set forth in Genesis, and made Adam and Eve to start the human race anew.

"It is plain," said the evangelist, "that we have the description, not of the creation of the earth, but of a judgment that came upon the earth after the creation, presumably because of the sin of some pre-Adamic inhabitants. What follows, then, is not the steps of the original creation, but of the rehabilitation of the earth to become the abode of man."

John Sebastian, who resigned this month as third vice president of the Rock Island lines, has had a long and distinguished career as a railroad man. Born in Newport, Ky., sixty-five years ago today, he commenced his climb to the top as a clerk in an office of the Santa Fe system. His connection with the Rock Island, recently severed, began 34 years ago, when he was made general southwestern passenger agent. In 1903 he was made passenger traffic manager of the entire system, and later third vice president.

The Rev. Sabine Baring-Gould, clergyman, author and poet, whose name appears on the title pages of nearly a hundred books and of some of the most popular hymns in the English language, was born eighty years ago today. His first book, "The Path of the Just," issued from the press three-score years ago, when the writer was a lad of twenty. Some time ago, when a namesake died in South Africa, the Rev. Baring-Gould enjoyed the novel experience of reading his own obituary notices.

Lord Camoys, who married Miss Mildred Sherman of New York in 1911, will pass his thirtieth milestone today. The barony of Camoys dates from the thirteenth century, and one of the ancestors of the young nobleman commanded the left wing at Agincourt five centuries ago. Lady Camoys gave birth to a son and her last July. The young couple met at the Deedes-Gould wedding.

MOTHER! IT'S CRUEL TO FORCE OIL OR CALOMEL INTO A SICK CHILD

California Syrup of Figs" can't harm tender stomach, liver and bowels. Children love it.

Look back at your childhood days. Remember the "physic" that mother insisted on—castor oil, calomel, cathartics. How you hated them, you fought against taking them.

With our children it's different. Mothers who cling to the old form of physic simply don't realize what they do. The children's revolt is well founded. Their tender little "insides" are injured by them.

If your child's stomach, liver and bowels need cleansing give "California Syrup of Figs." Its action is with contempt.

STANDARD WAGONS TO BE ADOPTED IN POSTAL SERVICE

(ASSOCIATED PRESS TELEGRAM)

Washington, Jan. 28.—In the future all parcel post and collection and delivery wagons in use in the postal service throughout the country will be standardized in accordance with new specifications drawn up by the postoffice department. A general order to that effect was made public by Postmaster General Burleson today. He announces that standard wagons will be adopted as rapid as contracts permit.

Under the specifications the wagons are to be painted with medium coach green for body and cardinal red for running gear, with black striping and gold letters. The words "United States Mail" and "Parcel Post" will appear on the wagons in conspicuous gold letters.

STATE HEALTH EXHIBIT OPENS THIS EVENING

The state public health exhibit which will be shown in the Y. M. C. A. hall under the auspices of the Newark City Federation of Women's clubs opens Wednesday evening. Director Spencer of the state board of health has been busy setting up the exhibit, arranging for the nightly moving picture shows, and getting things started generally.

The first free lecture of the series which will be presented in connection with the exhibit will be given Wednesday night. The speaker will be Robert G. Paterson, Ph.D., chief of the newly created division of tuberculosis under the state board of health.

A general invitation is extended to everyone in Newark and Licking county to attend the exhibit and hear Mr. Paterson's lecture on "Tuberculosis."

The first of the state's special moving pictures will be shown this evening. It will be a film entitled "Hope," one of the most interesting moving picture dramas ever shown.

Mr. Paterson has been executive head of the fight which has been waged in Ohio to curb "the great white plague." Prior to becoming chief of the state bureau organized to fight the disease, he was executive secretary of the Ohio Society for the Prevention of Tuberculosis, and in that capacity organized the anti-tuberculosis forces in Ohio.

Tuberculosis is a disease which causes the death of more than 7,000 people in Ohio every year. It is recognized as preventable and for this reason the anti-tuberculosis forces devote their attention to remedying the conditions which foster and encourage tuberculosis.

The speaker will take up the Ohio work in detail. He will explain what has been done in various Ohio cities and what the state hopes to accomplish through the new state bureau. It is a problem of tremendous importance to every citizen of Ohio.

Tuberculosis presents a problem that the people of Ohio must solve. It will be the lecturer's purpose to make clear just what that problem is and to suggest certain policies which give promise of solving it.

We fall into panic at the mention of smallpox, diphtheria or scarlet fever; an epidemic of typhoid arouses us to frantic energy and the most drastic preventive measures. But we sit down dumbly before tuberculosis, whose breath here in Ohio brings lingering death to almost twice as many persons as die from smallpox, diphtheria, scarlet fever and typhoid.

Viewed from whatever standpoint, economical, social or medical, tuberculosis is of greater importance than any other disease which afflicts our people.

Following is the schedule of lectures, speakers and moving picture films which will be seen in the health exhibit during the week:

ACID STOMACHS ARE DANGEROUS

Nine-Tenths of All Stomach Troubles Said to be Due to Acidity.

A Physician's Advice on Cause and Cure.

A famous physician whose name well known in the medical world, has earned for him an international reputation, said in a recent lecture that nearly all stomach troubles, as well as most diseases of the vital organs, are due to the inability to digest food. The stomach will, in the course of times out of ten, to contract, commonly termed sour stomach, or heartburn, which not only causes the most terrible form of stomach ulcer. It is important to note that he condemns the use of medicine, as well as of medical treatment for the stomach, as he and his colleagues have found the neutralizing of the acid, which removes the source of trouble. He contends that it is not the acid in the stomach itself that causes the trouble, but the acid that is secreted on the food, and that the acid, moving the tongue, taste buds, the foot, will heal itself, provided the acid and stomach are removed. Irritation disappears. Irritation disappears, medical treatments are useless, as the contents of the stomach are not acid, but the acid will be no need for the stomach to heal itself. Sufferers from sour stomach can easily get a small bottle of neutralizing fluid from their druggist, and a spoonful in a quarter of a glass of cold water after meals, heating in fifteen minutes, if need be, this will be the done which the doctor has found most efficacious in all cases.

STRIKE CASES WILL GO OVER UNTIL FRIDAY

ASSOCIATED PRESS TELEGRAM

Michigan, Jan. 28.—There was little today in the prosecution of cases resulting from the strike of the miners, because of the absence of a man who stepped in to take the position of the attorney for the miners. Because of the absence of the attorney, the trial was adjourned until Friday. The trial will be adjourned until Friday.

His body was removed to the Bradley morgue and prepared for burial and later taken to his North Fourth street home.

Funeral arrangements will be announced later.

enting and clearing the channel of the Miami river, so that water will flow off quickly, instead of storing and releasing it slowly."

Pressure from Gov. Cox will be brought on Democratic legislators to compel the passage of the Mills bill, allowing municipalities to issue bonds for self supporting public utilities above the limits of the Longworth act, when the bill comes up for final action in the house this afternoon. Announcement that the measure would be championed by the administration was made today, by Democratic leaders, following a conference between Gov. Cox, Mayor Newton D. Baker of Cleveland and Democratic leaders.

Speaker Swain declared shortly before noon today he believed the house should complete consideration of the Lowry bill, providing county and district supervision for village and rural schools, early this afternoon and that the Mills bill, would then be called up for final action.

The bill as finally drawn by Cleveland municipal ownership interests and introduced in the house, heretofore had not been sponsored by the administration. The announcement that it will receive administration support makes its passage less doubtful, house leaders asserted today. Representatives of public utility interests are said to be in Columbus urging legislators to fight the measure on the prediction that municipal political bosses will foist on the people utilities that actually are not self supporting.

"These interests forget that the people have the right of referendum on these bond issues," said Senator Carl Friebohm of Cuyahoga county today. "We are going to fight this measure through both houses and it will mean a big victory for municipal ownership."

Three Green mine run pay bill was the only measure on the Senate calendar for final action this afternoon and indications were that it would pass with little debate and without material amendment.

Senator Weygandt of Portage county expected to introduce a resolution today asking that the annual reunion of legislators be held at Akron next August.

[ASSOCIATED PRESS TELEGRAM]

Columbus, Jan. 28.—A two-thirds vote is necessary to carry an emergency clause provision, even if the bill to which the emergency clause was attached by a two-thirds vote, according to a ruling made by Speaker Swain, of the lower house of representatives at the opening of the session this morning. The decision of the speaker means that the emergency clause to the Warnes automobile license tax bill which passed the house yesterday was defeated. The vote on the bill itself was 84 to 30, but the vote on the emergency clause was 68 to 41. A question was raised as to whether the emergency clause did not pass for the reason that the bill had a two-thirds vote and the speaker reserved his decision until today.

Three witnesses were examined by the Kramer investigating committee at a short session this morning to determine whether they had drawn pay for holding other state positions while members of the legislature. All said that they had not drawn any money, other than for holding positions as members of the eighteenth general assembly, since the present session convened.

Representative Brown of Ashland, said he was employed for 18 or 19 days by the state agricultural commission as an inspector of food stuffs, during 1913.

Representative Black of Wyandot, said he was secretary of the penitentiary site commission last fall, but that he drew no pay for the work.

Representative Capelle of Hamilton

county said that the first of January this year he was employed as an assistant to the prosecutor of Hamilton

county to look after matters arising from provisions of the new tax law.

Capelle said he asked Attorney General Hogan for an opinion as to whether the appointment would involve incompatibility and that the attorney general told him that while the law itself probably was not violated,

holding of the position violated the spirit of the law.

Capelle said that he then intended to resign as a member of the legislature but that he was persuaded not to do so because he was the only Republican representative from Hamilton county. He then declined to draw any money for his work as assistant prosecutor, he said. He also said that he would not draw any pay for holding this position while a member of the legislature.

When asked if he held any position under the state, Mr. Capelle said, "No, my politics would prohibit that."

Chairman Kramer asked Capelle if his position as assistant prosecutor was not due to the tax law passed by the last legislature. Capelle said it was not.

Representative Brennan of Cuyahoga county said he served as an "emergency inspector" for the Cuyahoga county liquor license board during October and November and drew \$111 for this work. His duties, he said, were to visit saloons and make recommendations to the license commissioners as to whether license should be granted.

Chairman Kramer asked Brennan if he signed the vouchers issued for his pay for the work. Brennan said he was not sure but he believed that the vouchers were signed by the secretary of state, treasurer of state and auditor of state.

Gov. Cox gave Representative Warren J. Duffey of Lucas county a promise that he would send a special message to the legislature

asking passage of a bill to compel the state to care for drug victims in hospitals, after the regular legislative session.

Administration legislative program is completed. Mr. Duffey wants part of the Lima state hospital set aside for the treatment of habitual drug users

of whom he says there are more than 8,000 in the state.

Since announcement was made last week that he was contemplating introducing such a bill, Representative Duffey has received scores of letters from persons who declared they are abducted to the use of harmful drugs, and pleaded for him to push the legislation. Many said they were too poor to go to private sanitariums but declared they wanted to be cured of the habit.

A delegation of Lancaster citizens presented to Governor Cox to a petition asking the state to appropriate a sum with which to buy a site for a new armory in Lancaster during the special session of the legislature.

Governor Cox promised to consider asking the legislature to make the appropriation before forty days

before the election, and if some are found to be fraudulent, 10 days more are allowed in which to file additional signatures.

The Senate this afternoon repassed the Weygandt initiative and referendum safeguard bill with the emergency clause, which will make it go into effect as soon as the governor signs it, instead of waiting the usual 90 day referendum period. Yesterday the bill was passed without the emergency feature because of the necessary two-thirds vote could not be secured. Senator Mooney, who was absent yesterday, was present today and voted for the emergency clause.

The bill was slightly amended to incorporate the constitutional provision that signatures on initiative or referendum petitions may be challenged any time before forty days before the election, and if some are found to be fraudulent, 10 days more are allowed in which to file additional signatures.
